NOTICE TO CITY SUBSCRIBERS. Wishing to confine our business as near as possible to the CASH SYSTEM, we have determined hereafter to collect our subscriptions, within the city, QUARTERLY. To carry this determination into effect, we have placed our whole city list in the hands of Mr. JOHN JACK-SON, long connected with our Office as Clerk, who will make the collections, and also attend to the delivery of the Papers, and see that subscribers are served punctually. We hope this arrangement will be satisfactory to all parties. Those who may desire to save themselves the necessity of making four payments during the year, can, if they prefer it, pay in

Mr. DAVIDSON'S LECTURE.-We trust that the readers of Patrior, in this city, will bear in mind the Lecture of James M. Davidson, Esq., which takes place to-morrow night. The | deputies to this violation of the law.] well-known ability of this gentleman assures all who may attend an intellectual feast.

A Splendid Instrument.—The grand plano which has been brought here from Boston, for THALBERG is, beyond all question, the finest instrument ever imported into our city. It highest bidder. Of course those who may be in want of a piano of the very best descripseen, until removed to the Theatre, at Mc- penses of said injured fireman. Referred to CLURE'S. Union street. Whosoever gets it, may well be proud of such a treasure.

LECTURE TO-NIGHT.-It will be seen, upon reference to our advertising columns, that Mr. FALKERSON, Jr., will deliver a Lecture to-night, at the Mechanics' Institute Reading Room. Mr. F. comes to our city highly recommended by the press and leading citizen of Kentucky, as a Lecturer of unusual meri as well as a poet of great ability We ho our citizens will turn out in large numbers hear this gallant Kentuckian. We are quit sure they will enjoy an intellectual reposuch as is not often offered them.

THE THALBERG-VIEUXTEMPS CONCERTS. The universal conversation in musical an "fashionable circles is the Thalberg concerts The questions are. "Will you go?" "Hav you secured seats?" The sale of seats com menced yesterday at 9 o'clock, A, M., an long before the appointed time the office wa blocked up with persons anxious to inves The sale was spirited and continued bris all day. No doubt by to-morrow all will b sold. There was also considerable demanfor seats for the 2nd and 3d concerts. We apprehend it will be impossible for all who desire to attend to be accommodated; and would therefore suggest to Mr. PALMER Book Sellers, Book-Binders and the propriety, if Mr. THALBERG's stay is limited, of announcing some of his matineës which electrified New York last year. This will give an opportunity for a greater number to listen to THALAERG'S piano, and Vieuxtemps' violin playing. At any rate those who have secured seats will have their reward, and those who neglect to do so will regret it. THALBERG'S concerts are not merely delightful, but must be a great advantage to all piano players, and lovers of music.

Far The following communication comes to us from a distinguished clergyman, a resident, for many years of one of the Northern cities; whose judgment may be relied on, and whose high public and social position entities his words to a respectful hearing.

An Artist.

Messas. Eurons;-Will you allow a stranger root in your columns to say a word about one of your Nashville Artists? Your city is, no doubt, well supplied with skillful Daguerreotypists. To commend one of the corps is not to disparage the others. A casual circumstance led me to the rooms of Mr. A LARCOMER, at the corner of Cherry and Union streets; and I feel that I shall confer a favor on persons want ing a good picture by directing them to his establish ment. After a somewhat large experience with Photographers at the North, I must in candor say that I have never sat to an artist whose miniatures were so satisfactory as Mr. L.'s. He has succeeded at once, where those artists have failed even after repeated trials; and his pictures-several that I have seen in the hands of my friends-are so good, that I do not see how they could be better.

As I have no acquaintance with Mr. LARCOMBE be yond that of one or two brief professional interviews, I may be allowed to add, that he appears to have the modesty, and the quiet, unestentations demeanor which are often combined with true worth and real A TRAVELER. NASHVILLE, May 24, 1858.

HORSES AND MULES .- These valuable ani mals are subject to almost as many diseases and accidents as human beings; and thousands are lost every year, either for the want of their owners knowing how to treat them, or from using interior articles. This is peculiarly the case in regard to such diseases as spayin, springhalt, poll evil, and all such diseases as arise from sprains, bruises, harness galls, &c. All these diseases are readily curable by the use of some penetrating liniment, which is absorbed by the peres of the skin, and at once drives off the bad humors that feed and keep up the disease. Among all the Liniments ever invented, none possess the penetrative and diffusive principle to such a degree as Dr. Bragg's ARCTIC LINIMENT. Proprietors of omnibus routes, livery stables and canal lines, will find the Arctic Liniment an invaluable remedy, peculiarly fitted for their

CEMENT ROOFING. THE undersigned purchased the State Right for ago and has since introduced it extensively in various portions of the State, asks now the attention of build ers, and the public generally, to examine its superior ty over other modes of Rossing.

The material forms a hard and smooth surface. It is impervious to water, elastic and flexible; it will perfectly resist any ordinary exposure to the; it is cheaper than any roof of the old style, and I am sure it will give better satisfaction; as to its durability there is no question. It is the best thing ever invented for painting of old leaky tin roofs.

**P The Cement will be furnished to those at a dis-

Post Office will be promptly attended to.
